

position to the punishment of the lynchers and trouble is feared as soon as a general election is held. To afford ample protection, Governor Glenn has ordered two additional military companies to aid the Roman rifles in protecting the prisoners.

Judge Long has warned all citizens not to enter the jail premises to-night at the peril of their lives. All useless assemblies have been ordered stopped.

Court will convene from day to day until the lynchings, if caught, are severely dealt with.

### THE GOVERNOR FIRM.

**Directs Sheriff to Hold Lynchers at All Hazards.**

(Special to The Times-Dispatch.)  
RALEIGH, N. C., August 7.—Governor Glenn is keeping in close touch with the scene of the lynching at Salisbury. He wired Judge Long and Sheriff Julian at Salisbury this morning to use every means of identifying and arresting the lynchers, and he would come to Salisbury if needed. Judge Long wired the Governor this afternoon that one of the lynchers was in jail, and there was evidence in hand that would lead to the arrest of others. At 2 o'clock this afternoon Sheriff Julian wired the Governor to send at once one hundred men to aid him in maintaining order. The Governor ordered the Charlotte and the Stateville companies to go at once to Salisbury and take command of the troops, protect the jail, and hold any and all lynchers arrested at any hazard.

Up to a late hour to-night there has been no information of further trouble received by the Governor.

### LEADER OF MOB.

**The Wounded Engineer Dies in the Hospital.**

(By Associated Press.)  
RALEIGH, N. C., August 7.—This afternoon Governor Glenn received a telegram from Judge B. F. Long, at Salisbury, to the effect that George Hall had been identified as a leader of the mob that lynched the alleged murderers. The Governor telegraphed an order to the military company at Salisbury to go to Salisbury at once and guard the jail to prevent the liberation of any alleged lynchers who may be arrested.

To-day J. C. McLendon, the Southern Railroad engineer, who was shot in the mouth, died in a hospital at Salisbury. He leaves a widow and four children. An officer is said to have shot the engineer as he was battering a window. Others say that he was merely a spectator.

Solicitor Hammer is securing the names of witnesses to the lynching to be placed before the grand jury.

### THE LYNCHERS.

**Composed of Society Men and Citizens from Place of Murder.**

(By Associated Press.)  
CHARLOTTE, N. C., August 7.—Long before the sun rose this morning curious persons went to the scene of the lynching, near Salisbury, and cut off loose fingers and ears of the negroes who were hung to the limbs of the big trees. Their bodies were badly mutilated before they were removed. It looked as if the mob had been assisted by a few good citizens from the scene of the lynchings, and the work.

When the court was convened this morning there was a slight diminution in the crowd, though every seat was taken. Solicitor Hammer made a motion to continue the cases against the survivors until the regular term. Judge Long replied that he would make the order.

### MAN CUT TO PIECES.

**Brakeman Run Over by His Own Train.**

(Special to The Times-Dispatch.)  
LEXINGTON, N. C., August 7.—Noah E. Church, of Wilkesboro, N. C., a brakeman on local freight train No. 64, was run over and instantly killed at the depot here this morning.

He was standing at the rear of his engine and two cars, looking at an approaching train, when his train backed suddenly and knocked him down, passed over him, mangling him in a horrible manner.

His head was severed from his body, and was picked up several feet away. Both legs and arms were cut off, and parts of his body were strewn along the track for thirty feet.

The remains were placed in charge of an undertaker, and will be sent to his home to-night.

### MATE IN DISGRACE.

**Nearly Ready for Retirement, Arrested for Stealing.**

(Special to The Times-Dispatch.)  
NORFOLK, VA., August 7.—B. B. McFoy, a sailor, was arrested at the Norfolk States Navy, is a prisoner at the brig of the United States receiving ship Franklin, charged with a systematic larceny of cordage from the government. Allen Gordon, colored, was arrested as being McFoy's accomplice. It was held to-day by Commissioner Bowden for the United States Court. McFoy has been in the naval service for twenty-nine years. He would have been retired on two-thirds pay next November. He has been serving as mate on the Navy Yard water barge. For a long time quantities of cordage have been missing from the storehouse in the Navy Yard. In looking around for the thief, attention was attracted to McFoy, on account of the quantity of money that he had been in the habit of spending. He would never have been suspected except for this.

He was seen to take a quantity of the stuff on a barge, which he delivered to Gordon, who sold it to a junk dealer. The arrest followed.

### ANOTHER MURDER ON THE DOUBLE TRACKING

**Charles Hairston Kills Another Negro in Cold Blood.**

(Special to The Times-Dispatch.)  
GREENSBORO, N. C., August 7.—There was another murder at the Southern Railway double-tracking camp, near Jamestown, late this afternoon. Charles Hairston, colored, shot and killed another negro in about as cold-blooded a manner as was the killing of Foreman Beachman there last Tuesday.

Particulars of the shooting are unobtainable. The murderer escaped.

## GOVERNOR GLENN WAS SURPRISED

**At the Statement Military Had No Authority to Shoot at the Mob.**

**SHERIFF HAD FULL AUTHORITY**

**When Called at Midnight He Was Unable to Get Connection.**

(Special to The Times-Dispatch.)  
RALEIGH, N. C., August 7.—Surprise was expressed by Governor Glenn this morning at the announcement that was given out from Salisbury that the military had no authority from the Governor to shoot, and that it was for this reason that the mob that lynched the Loryer murderers could not be held back. The Governor says that on August 24, fearing some trouble, he wrote Sheriff Julian, at Salisbury, putting the military companies there under his command. On August 4th he received a letter from Sheriff Julian to the effect that he did not believe there would be any necessity to call out the military company, and that such an action would only serve to incense the people, and that he believed there was a general desire for the law to take its course.

The Governor says that this was the last he heard of the situation until last night, when he was called out of bed about midnight to answer a long distance telephone call from Judge Long, at Salisbury, to tell him that a mob had gathered at the jail to lynch the negroes. He says he hurried orders to the military companies at Salisbury, and that he tried to get a similar message to the Statesville Company, but could not get the connection over the telephone.

However, before the Charlotte and Greensboro companies started for Salisbury the information came from Judge Long that the lynching was done, and the orders to the military companies were countermanded.

"This morning," said Governor Glenn, "I telegraphed Judge B. F. Long, at Salisbury, as follows: 'Spare neither time nor expense in efforts to bring the mob to justice. If needed, I will come to Salisbury.'"

To Sheriff Julian the Governor telegraphed: "Make every effort to identify the members of the mob that lynched the negroes. If needed, I will come in person to Salisbury."

Commenting on the lynching, Governor Glenn declared that the lynching is a great blot on the State of North Carolina, and he and all good citizens should act with the judicial department to bring the participants to justice.

### Charters Granted.

A charter was issued this morning for Durham Hosiery Mill, No. 3, of High Point, with \$200,000 capital authorized. Subscribers: J. B. Carr, Jr., W. F. and C. M. Carr, Incorporated.

Another charter was to the Winston Industrial Association. The company has no capital stock, and will do a mutual insurance business among the negroes.

### State Central Committee.

Tenth District—Locke Craig, Asheville; T. W. Whitmore, Beaufort; G. Jones, Franklin; S. Gallot, Ruthertown.

The State Board of Elections, during their session here, yesterday, adopted the sizes for the tickets to be used in the elections this fall. The State Judicial ticket shall be five inches long and the congressional ticket four by two inches.

### AT MT. GRETTA.

**Health of Camp Declared to Be Excellent.**

(By Associated Press.)  
MOUNT GRETTA, PA., August 7.—With the departure of Princess Catuene and her party, the instruction camp of the regulars and the national guardsmen settled down to harder work to-day than ever.

The health of the camp is excellent, considering that there are over 5,000 men here. Immediately after last week's heavy rains means were taken to protect the water supply, with the result that there has been comparatively little illness. The routine of this week is almost identical with last week, and this will continue with the arrival of each new batch of militiamen.

In the little national guardsmen and regulars will be mixed up, each company changing some of the officers.

The State troops are finding the field work well up to the endurance test, but they seem to enjoy it. General Grant has given all to understand that the camp is only what the military authorities intended it to be—a place to learn the war game, and not merely for a week's outing.

### SAILORS ACT.

**Institute Movement to Do Away With Tattoo Marking.**

(By Associated Press.)  
WASHINGTON, D. C., August 7.—[Enlisted men in the navy have instituted a movement to do away with tattoo marking, which was formerly so popular with sailors. Since the conviction of a Brooklyn man, through the efforts of officers of a humane society, for mutilating the arms of a young boy by decorating him with Indian designs, tattooing has been coming under the scrutiny of the navy. The practice may soon become a thing of the past. The following description of a deserter from the navy shows to what extremes

### A LETTER TO OUR READERS.

53 Cottage St., Melrose, Mass.

Dear Sir:

"Ever since I was in the Army I had more of less kidney trouble, and within the past year it became so severe, and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began my use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.

I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine me, and my water to-day and he pronounced it all right and in splendid condition.

I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers, I am,

Very truly yours,

I. C. RICHARDSON.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Some men have gone in decorations which cannot be removed: "Tattoo marks on chest, shoulders, arms and back, visible when they are in flag sailor, cards, clasped hands, flag and flowers." "Tattoo marks are a ready means of identification of deserters."

### Must Lay Up for Repairs.

(By Associated Press.)  
WASHINGTON, D. C., August 7.—The Navy Department has been advised that both the Illinois and Alabama, the ships that were in collision in a fog off Breton Reef, will have to go to a yard for repairs, but it is not expected that they will be prevented from taking part in the maneuvers of the fleet, which have been planned for September.

### Indians Among Recruits.

(By Associated Press.)  
WASHINGTON, D. C., August 7.—Among the recent recruits for the navy have been a number of young Indians who were educated at the Carlisle Indian School, in Pennsylvania. Edward M. Ellis, a grandson of Red Cloud, the famous Sioux chief, is one of these. He is a petty officer.

### SEVEN INJURED.

**Elevator Dropped Two Floors in New York Factory.**

(By Associated Press.)  
NEW YORK, August 7.—Seven persons were injured, some of them badly, by the falling of an elevator in a factory building at No. 107 Bleeker Street, early to-day. The victims were employees in the factory who were on their way to work.

The elevator was two floors above the bottom of the shaft when the steel cable broke, and the elevator dropped. About fifty feet of the heavy cable crashed down, and the elevator fell into it, and inflicting more serious injuries even than the fall itself.

Two of the passengers suffered fractures of the legs, and several others were injured internally. It is not known whether any of the injured were killed.

The engineer of the building, John McTeague, who was running the elevator, was among those injured, but insisted upon being carried on a stretcher to the boiler, so that he could take precautions against its explosion. He was then removed to a hospital.

### NINE KILLED.

**Elevator Carrying Miners Fell Nine Hundred Yards.**

CHARLOTTE, BELGIUM, August 7.—An elevator, in which nine miners were going down to the Marchiennes coal mine here to-day, dropped 900 yards, smashing the car to atoms and instantly killing its occupants. Their bodies were so crushed as to be almost unrecognizable.

## THE RACES AT TASLEY FAIR

**One Thousand Persons Face Heat and Bad Weather for the Sport.**

**LIGHTNING HIT GRANDSTAND**

**Several Persons Shaken Up, but No One Was Seriously Injured.**

(Special to The Times-Dispatch.)  
FAIR GROUNDS, TASLEY, VA., August 7.—The ninth annual fair of the Peninsula Fair Association opened to-day. The crowd was small, owing to the oppressive heat and threatening weather, it numbered about 1,000.

The track was in excellent shape and the races were very closely contested.

The opening race, the two-year-old trot, aroused much interest, all five of the contestants being from the Shore. Four of the colts are by Sidney Prince, 2:20 3/4, and one Black Jack, by Jack Breerton, 2:10 1/4. The favorite, Princess Jello, won with ease, with Black Jack outstripping best rivals for the place in the first heat. The time was eleven seconds faster than the Eastern Shore record for two-year-olds.

The next race, the 2:20 pace, was one of the best races ever witnessed on the track. There were ten starters, and an evenly made. Frank S. was the local choice, and W. B. Bask, the favorite with the talent. The winner was an outsider. She is a pretty bay mare, and would get faster every time she was ridden. She is owned by Mr. J. Green, of Washington, D. C. Every heat a different contender would go after her, but could not pass her.

The 2:24 trot was a mixed-up affair. Little Rob got the first heat, then Cadet, Jr., sprung a surprise by outstripping him in the home stretch. The official time was 2:24 1/4. The next two heats, which were won by West Morrell. The Cadet won the next two heats and the race.

The official score of Dr. John W. Bowdin and Dr. C. Fred Floyd, Judges, P. T. H. Ayres and B. T. Amre, Timers, J. Harry New, Clerk, and Frank G. Smith, of Buffalo, starter, was:

Two-year-old trot, purse \$750—Princess Belle (Bull), 1, 1; Black Jack (Pinney), 2, 2; Bonnie (manhan), 4, 4; Cadet, Jr. (Bull), 3, 3; Billy Prince (Roberts), 5, 5; Time, 2:24 1/4, 2:24 1/4.

2:30 pace, purse \$250—Belle Hazel (Corbin), 1, 1; Frank S. (Upshur), 2, 2; W. B. Bask (Lyson), 3, 3; Paul Pry (Adams), 4, 4; Lady Blue (Bull), 5, 5; Edna G. (Dorsey), 6, 6; Daisy Lee (Ames), 7, 7; West Morrell (Boy (Fox), 8, 8; Vilmont (Hoover), 9, 9; Frank A. (Kitt), 10, 10. Time, 2:21 3/4, 2:22 1/4.

2:24 trot, purse \$250—Cadet, Jr. (Baskwell), 1, 1; West Morrell (Johnson), 2, 2; 3, 1, 2; Little Rob (Bull), 1, 2, 3, 4; Dr. Twilight (Hentschell), 4, 4, 5, 6. Time, 2:23 1/2, 2:23 1/2.

Just preceding the third heat of the 2:30 pace a bolt of lightning shot out of the heavens and struck the flag pole on the grandstand. It was preceded by heavy thunder and followed by practically no rain. Several people were shaken up, but no one badly injured.

Many saw a large ball run down the wires. It is remarkable that no one was killed, as several hundred people were watching.

The races were not stopped.

### AUDITORIUM NOT YET SETTLED ON

(Continued from First Page.)

able to bring here any convention, however large.

The question of whether the structure could be erected in time came up, and Mr. Bryant assured them that it could be completed within six months after work was commenced.

There was some discussion as to the advisability of selecting the Third Ward as the site for the auditorium, but Mr. Bryant objected to the plan, as, in his opinion, the small space afforded would not be worth the expenditure, and it is too far from the center of the city and removed from street car lines.

Mr. Barton offered a motion that all the architects who had submitted tentative plans submit them to the full committee, with detailed plans and specifications, and statement of cost. This was adopted, and the committee adjourned.

### OLD MARKET HALL SOON TO PASS AWAY

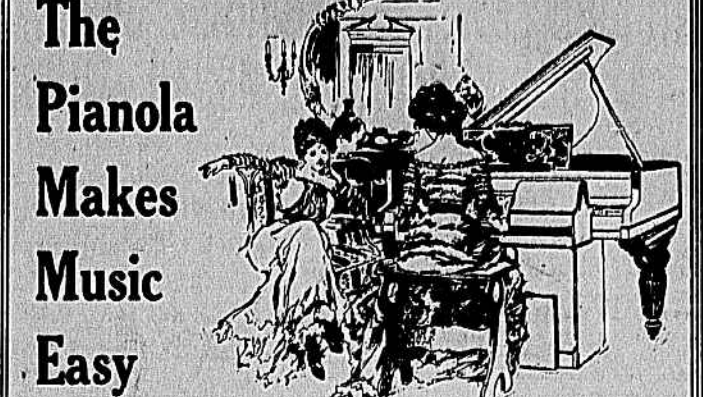

Building to Be Remodeled; With Only the Market, According to the Plans Favored.

The Old Market Hall is destined to soon pass away, and be but a memory. If the plans of the Committee on Markets are carried out, at the season last night Mr. Satterfield, chairman of the subcommittee on First Market, submitted a set of drawings and specifications, prepared by Mr. C. E. Hayward, Jr., for remodeling the building. These plans and specifications provide for a one-story structure, with arched roof, and do away entirely with the Old Market Hall and the old First Police Stationhouse. The interior arrangement of stalls is practically unchanged.

After a spirited discussion, during which Mr. Adams contended that he would not vote for any outside plan unless submitted to and first approved by the City Engineer, a motion was adopted accepting Mr. Hayward's plans.

## CONGRESS VOTES FOR ARBITRATION

**Naturalization Treaty Approved in Committee—What It Provides.**

(By Associated Press.)  
RIO DE JANEIRO, August 7.—The International American Congress, at its session to-day, unanimously adopted the arbitration project. A long discussion followed regarding the mode of its transmission to The Hague. The matter was left to a committee.

Epiphane Portela, the Argentine delegate, withdrew temporarily to-day at the conference to receive Secretary Root at Buenos Ayres.

The naturalization treaty has been approved in committee, and will come to a vote at the next session of the Pan-American Congress.

The treaty provides that if a native born citizen of any country, but when he has been naturalized elsewhere, returns to the country of his origin, he resumes his original citizenship upon the declaration of his intention to remain, and that this original citizenship is assumed without declaration after a two years' residence in the country of his origin.

### Student Demonstration.

(By Associated Press.)  
WASHINGTON, August 7.—Despite the unfriendly disposition which students in Montevideo have shown recently towards the United States and its policies as outlined by Secretary Root in his address before the Pan-American Conference in Rio Janeiro, diplomats here express the belief that this unfriendliness will not be displayed in any way during Mr. Root's approaching visit to the Uruguayan capital.

Upon his return to Santos, Brazil, from the city of Sao Paulo, Mr. Root will sail directly to Montevideo, where he will remain for several days, and will be entertained by the Uruguayan government.

The attitude of the students mentioned is said here to have been inspired by opponents of the present administration in Uruguay.

### Norfolk Council Votes One Hundred Thousand for It.

(Special to The Times-Dispatch.)  
NORFOLK, VA., August 7.—The Common Council of the city of Norfolk passed at first reading an ordinance to pay \$100,000 in payment of the city's share for the cost of a boulevard, to be constructed from Norfolk down to the site of the Jamestown Exposition. The total cost of the boulevard will be \$150,000, and it will be one of the most magnificent in the United States.

It will be used by the soldiers and other organizations in passing to and from the exposition grounds, and especially by automobiles.
